H. G. FAUST & CO., Philadelphia, Pa.

NEVER, in the entire history of the Seed Trade

have seeds been offered at such low prices, prices that are really below the cost of production of first-class seeds, and when sound-thinking business men have goods offered them below cost they must stop and think, and must know that something is radically wrong. What is it? The supposition is that the seeds are either old and of poor vitality, or that they have not been carefully grown, and that the quality of the seeds has been sacrificed to enable them to be offered cheaply. **Faust's Seeds** are of the best quality, are sold at fair prices, and are not in competition with seeds of doubtful quality now being so generally offered.

Our seeds are either grown on our own farm, or by competent growers under our personal inspection, in localities best suited to the perfect development of seeds. They can therefore be fully relied upon as being fresh and genuine, and of the same good quality as those which have given satisfaction in former seasons.

We do an extensive export trade, and special attention is given foreign orders, which are carefully packed for long journeys.

Your esteemed orders will have careful attention.

We remain yours truly,

H. G. FAUST & CO.

NO COMMISSION SEEDS

ARE SENT OUT BY THIS HOUSE.

☞**A Telegraphic Cipher** (*or*) **Cable Code** *is attached to each variety, by which our customers can wire us their orders at very little expense. For example:*

Freight Ten Mass, would mean:—Send immediately, by fast freight, ten bushels of GOLDEN WAX BEANS.

Express Five Mumble, would mean:—Send immediately, by express, twelve pounds of FAUST'S EARLIEST OF ALL CABBAGE.

Mail one Muscat, would mean: Send by mail, postpaid, to-day, one pound SNOWBALL CAULIFLOWER If the word **Register** is used instead of *mail*, it would mean "Send by Registered Mail."

Telegrams should be addressed,

H. G. FAUST & CO., Philadelphia.

Our Registered CABLE ADDRESS is "FAUST, PHILA."

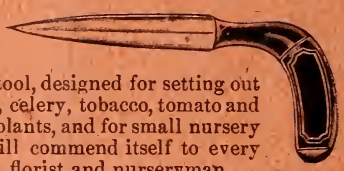
IMPROVED PLANTING DIBBLE.



This tool, designed for setting out cabbage, celery, tobacco, tomato and similar plants, and for small nursery stock, will commend itself to every gardner, florist and nurseryman.

The price is low, and we claim for it superiority of design and finish over similar tools now on the market. It is made entirely of iron, out of a peculiar pattern which makes it strong and light. It is of convenient shape, neat and attractive in appearance. We have only recently perfected our patterns, but are now ready to fill orders, and as the season is now on for its use, we would solicit your early orders. We are sure that dealers will meet with a ready sale for this tool.
